PRODUCT OVERVIEW | FRAMELESS SHOWERS

Hardware for Hinged, Screen & Sliding Showers including Glass Shelves

A glass shower screen delivers timeless elegance, custom designed to suit your bathroom. The clean lines and design simplicity provide the least visual intrusion and the maximum light flow. Even small bathrooms feel larger, and the minimal use of fittings and seals means less areas for unsightly mould to build. Opus is able to offer various hinged and sliding options to suit a broad range of applications.

SECTION 1 | FRAMELESS SHOWERS

Product	Page
Glass Shower Hinges	3 - 5
Handles, Knobs, Pulls	See Section 5 Catalogue
Header Brackets, Stabilizers & Pedestals	6 - 7 & 17

GLASS CUT-OUT DETAILS

ECLIPSE CONCEALED SLIDING SYSTEM

ECLIPSE Concealed Sliding Door System

Opus Hardware's ECLIPSE System is a concealed modular roller sliding door kit and requires holes only in the sliding door so standard 10mm undrilled plain panels can be used on the side and return panels. The sliding rail track sits on top of the fixed panels and can be used for alcove or corner showers by simple mitre cuts.

Kit comes with rollers, stop blocks, door guide and 2.5m of sliding track extrusion.

Handle is not included. Max door weight is 45kgs
